

Janet's Hobby - Script

Janis: Isn't spring break great?

Janet: Yeah. It gives me time to catch up on a few things.

Janis: That's true. Oh. Have you been knitting?

Janet: Yeah. I knit for the kids in the daycare.

Janis: At work?

Janet: Yup.

Janis: That's great. What have you been making?

Janet: I've been making animal puppets. Would you like to see one?

Janis: Oh, yeah! Oh, that's so cute! How long does it take you to make one?

Janet: About four hours of knitting...

Janis: Oh, okay.

Janet: And the sewing - about another hour.

Janis: Oh, okay. Yeah. And how often do you knit?

Janet: I usually knit in the evenings. Uh, one or two evenings a week.

Janis: Okay. Yup. And I guess you could probably watch TV while you're knitting.

Janet: Well, I make mistakes then.

Janis: Oh, yeah. I guess so. So, how did you learn to knit?

Janet: I learned from this book. I bought it at the knitting store.

Janis: Oh. That knitting store up on Fourth Avenue?

Janet: Yes. The people in there are really helpful.

Janis: Oh. That's great.

Janet: But I think most people learn from their mothers.

Janis: Yeah. That's probably true. So, it seems like it's a pretty cheap hobby.

Janet: It can be. You have to be careful about buying the wool.

Janis: Oh. Is the wool expensive?

Janet: Mmm hmm. At some stores. I usually go to a thrift store.

Janis: Oh, okay. So how much would it cost to make something like that?

Janet: This cost about \$1.50.

Janis: Oh. That's not bad. Yeah. And it's pretty relaxing?

Janet: Except when I make mistakes.

Janis: Oh, yeah.

Janet: But I'm happy to see the kids when they have them.

Janis: Yeah. You know, actually I think I've seen some of the kids in the childcare playing with those.

Janet: Really? Oh, that's good to hear.

Janis: Yeah.

Janet: That's good to hear. I'm thinking about asking my knitting circle to knit some as well.

Janis: Oh. That's a good idea.

Janet: Uh. Would you like to learn how to knit, Janis?

Janis: Ha ha. Uh. I guess I could give it a try.
